**Ready-Mixed Concrete Facilities (RMCP)
Notice of Coverage Fact Sheet**

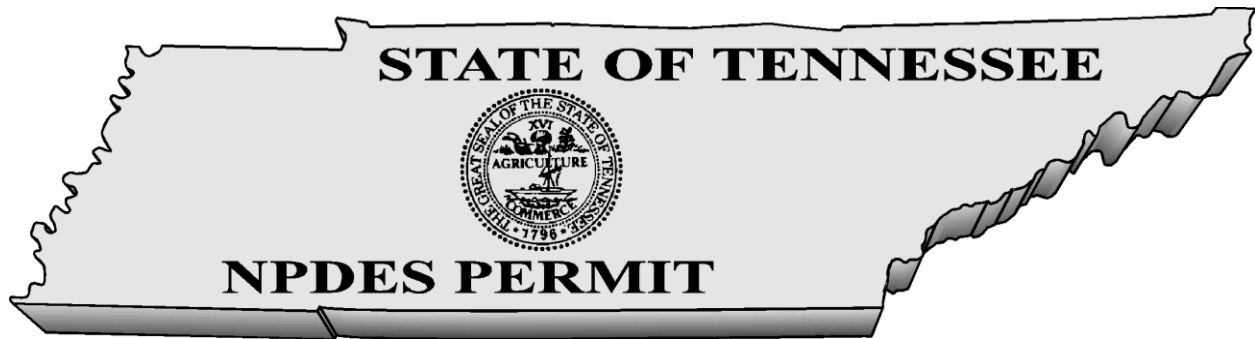

The Division of Water Pollution Control received from your company a Notice of Intent (NOI) to be covered under the General NPDES Permit for Discharges of Storm Water Runoff and Process Wastewater Associated with Ready Mixed Concrete Facilities (RMCP). The new RMCP general permit was issued on October 31, 2007, with an effective date of November 15, 2007, and an expiration date of October 31, 2012. **We have recorded your facility's information and are hereby notifying you that your facility is covered under this RMCP general permit. Our records show that your facility has 0 Process Water Outfall(s); 0 Storm Water Outfall(s); and 2 Mixed Process and Storm Water Outfall(s).**

Enclosed with this fact sheet you will find a Notice of Coverage with the permit tracking number, facility's name, address, receiving stream information and other site-specific information that applies to your facility. In order to get a copy of the RMCP general permit we ask you to visit our web site located at: <http://www.state.tn.us/environment/permits/concrete.shtml>. We will provide you with a printed copy of the RMCP general permit **only** upon your request.

At our web site, you will find a copy of this general permit and the permit rationale, notice of determination, guidance documents, and links to relevant web sites. If you do not have access to the Internet, or have other questions, please contact us at 1-888-891-TDEC or by E-mail at Storm.Water@state.tn.us.

Thank you for your time and assistance.

Sincerely,
Permit Section
Division of Water Pollution Control

Tracking No. TNG110087

General NPDES Permit for Discharges of Storm Water Runoff and Process Wastewater Associated with
READY MIXED CONCRETE FACILITIES (TNG110000)

Tennessee Department of Environment and Conservation
Division of Water Pollution Control
401 Church Street
6th Floor, L&C Annex
Nashville, Tennessee 37243-1534

Under authority of the Tennessee Water Quality Control Act of 1977 (T.C.A. 69-3-101 et seq.) and the delegation of authority from the United States Environmental Protection Agency under the Federal Water Pollution Control Act, as amended by the Clean Water Act of 1977 (33 U.S.C. 1251, et seq.):

Discharger: **APAC Atlantic, Inc. Harrison Division/Oak Ridge Concrete**

is authorized to discharge: **process wastewater and storm water associated with ready mixed concrete plant or with similar producers of concrete; and/or is authorized to operate recycle/reclaim systems**

from a facility located: **250 Union Valley Road in Oak Ridge, Anderson County**

to receiving waters named: **unnamed tributary to Melton Hill Reservoir**

in accordance with effluent limitations, monitoring requirements and other conditions set forth herein.

Coverage under this general permit shall become effective on July 12, 2011 and shall expire on **October 31, 2012.**

Notice of Coverage Issuance date: July 12, 2011

Paul E. Davis, Director
Division of Water Pollution Control
